

Construction with quality:

Steel profile tubes from MEISER

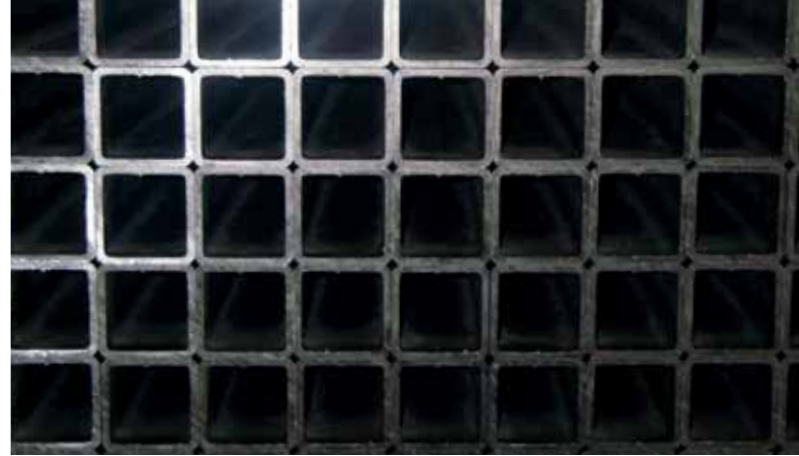

MEISER has been producing welded steel tubes at its factory in Schmelz-Limbach since January 2009, and this product marries in with our existing expertise in grating, metal profile planks, Handrails and staircases which we supply throughout the world.

All of the manufacturing takes place under the one roof, which have been designed to deliver smooth uninterrupted workflow, and unquestionable quality. This makes it possible for us to react quickly and efficiently to accommodate your wishes. Our state of the art facilities and our commitment to quality, together with 100% seam weld monitoring and corresponding

test certificates enables us to offer consistent high-end products, and aftercare service. Whether you need stock tubes for your own production or end products for your clients, we are here to assist you. Give us a call or email us, to discuss your needs!

MEISER offers a wide range of dimensions at the start of production.
