<b>Confirmation</b>	All provisions concerning welding as described in the above mentioned technical specification(s) were applied.	
<b>Validity start</b>	13.07.2022	
<b>Period of validity</b>	14.08.2025	
<b>Remarks</b>	see reverse	

**Place and date of issue** Saarbrücken, 12.09.2022  
Röw/LD

  
**Dipl.-Ing. Stiefel**  
Head of test body

**Certificate number: 1090-3.00009.GSISa.2014.009**

**deputy:**

Tim Lötsch, IWE  
Marian Manfred Metzen, IWS  
Heiko Schnubel, IWS

born on: 22.08.1993  
born on: 07.08.1989  
born on: 06.10.1982

**Remarks:**

For the internal welder / operator qualification, the company has installed a procedure to survey the welding of the test pieces, verify the test results and establish the welder qualification certificate according to EN ISO 9606 / EN ISO 14732.

This Certificate replaces Certificate-No. 1090-2.00009.GSISa.2014.008 from 09.09.2021

**General Terms**

1. This certificate is valid as long as the terms of the above technical specifications themselves or the manufacturing conditions of the essential manufacturing factory have not changed significantly.
2. This certificate may only be reproduced or published for advertising or other purposes than as a whole. The text of promotional material doesn't has to be in conflict with this certificate.
3. In case of any doubt as to the suitability of the manufacturing factory(ies) there is the possibility reserved by the inspection authority to carry out an unexpected spot checks in the manufacturing factory paid by the manufacturer
4. This certificate may be withdrawn at any time with immediate effect and be amended or modified if the conditions under which it was granted have changed, or if the terms of this certificate are not met.
5. The following changes must be reported to the inspection authority:
  - a) New production or significant changes to essential manufacturing facilities;
  - b) Change of the welding coordinator;
  - c) inception of new welding processes, new base materials and related WPQRs (welding procedure qualification record)
  - d) new essential manufacturing facilities

The inspection authority will cause a supplementary examination in the cases cited

6. At least two months before the expiry date there shall be submitted an application to the inspection authority, when the qualification should be recertified.
